Swim Test (Ages 6-13 years-old)

All children 6-13 years of age must pass a swim test to swim in sections where water is chest deep or over their head.

If the child cannot stand in sections A & B, the child may swim independently if they pass the section A & B test otherwise, they must have an adult within arm’s distance.

The section A & B swim test is to swim crawl stroke independently across the width of the section. (no doggy paddling allowed.)

In sections C & D all children between 6-13 years of age must pass a deep-water test in order to swim independently if they want to:

- Swim in the lap lanes (including the space from the last lane to the wall/dividing line)
- Swim in the C & D sections independently
- Go down the slide
- Go off the diving board

Participants may take the test twice within one day with at least 30 minutes between tests, for their safety.

All children must take the swim test annually, regardless of whether they have passed the test this year at the Mandell JCC or Camp Shalom in years prior or are participating with the swim team.
