Mandell JCC Group Fitness Descriptions

BARRE FUSION (Cardio, Strength) Barre Fusion is a low-impact, high-rep workout combining classic Barre with athletic Pilates. Designed to challenge balance, elevate heart rate, and strengthen from head to toe.

BODYCOMBAT (Cardio, Strength) The Les Mills high-energy, martial arts inspired, non-contact workout. Punch, kick, and strike your way to fitness.

BODYPUMP (Strength) BODYPUMP™ is a barbell workout for anyone looking to get lean, toned and fit – fast. Using light to moderate weights with lots of repetition, BODYPUMP gives you a total body workout. Instructors will coach you through the scientifically proven moves and techniques pumping out encouragement, motivation and great music – helping you achieve much more than on your own! You'll leave the workout feeling challenged and motivated, ready to come back for more.

BOOTCAMP (Strength, Cardio) Back to basics training! Learn to move strong, determined and effective. This class will fatigue your muscles and teach you how to get the BEST out of You!! Bodyweight only class, just bring your mat!

BUTTS AND GUTTS (Strength) This class is a combination of squat and lunge variations along with some old school mat exercises designed to target and tone those problem areas like the tummy, hips, butt, inner thighs and outer thighs. All levels are welcome and all the exercises can be modified. All you'll need is a mat and a desire to feel the burn!

CARDIO SPLASH (Cardio, Strength) An energetic water workout with lots of jumping, strengthening, stretching and fun.

CHAIR YOGA (Active Adults) In this Yoga class, we will use the chair for support and balance, making it accessible to those who may struggle with balance and flexibility and who do not want to practice Yoga on the mat. This class incorporates traditional yoga elements but is adapted to be gentle, slow and safe.

CORE FUSION (Strength) Strengthen the muscles that support your core to improve stability, balance, and posture. This efficient workout builds a stronger, leaner midsection while helping you move with greater power and confidence.

DEEP H2O RUN (Cardio, Strength) An advanced class at the deeper end of the main pool. Feet are off the pool bottom and the body is suspended with the aid of an aqua jogger.

DYNAMIC STRENGTH (Cardio, Strength) Incorporating dumbbells, bands and body weight, this class promises a dynamic workout hitting all muscles groups! Work out at your own pace during each interval, and intensity options makes this class accessible to all.

GENTLE YOGA (Mind & Body) A beginning yoga class to help with releasing, calming, and restorative postures.

HIIT (Cardio, Strength) Designed to take you through a series of High Intensity cardio drills, strength training, & core focused exercises with relatively brief rest periods. This workout will include the usage of tubing, weights, and your own body weight to ensure fast dramatic fitness results.

IGNITE & ALIGN (Cardio, Mind Body) This class blends the best of both worlds: high-energy sprint 8 training to fire up your metabolism, followed by grounding Body Balance Yoga to restore strength, balance and flexibility. Leave feeling refreshed, recharged, and centered.

INSANITY (Cardio, Strength) Your Insanity instructor will push you past your limits through plyometric drills with non-stop intervals of strength, power, resistance, and core training moves.

J CYCLE (Cardio) Take cardio to the next level with a group cycle class at the J. With different rides to choose from, there is something for everybody. This aerobic workout allows you to burn lots of calories as you ascend steep hills and sprint on flat terrain with high-energy music to motivate you along the way. Join us for a ride that will tone your legs, condition your core and test your endurance.

LES MILLS CORE (Strength) Exercising muscles around the core of your body, Les Mills CXWORX provides the vital ingredient for a stronger, leaner core.

MAT PILATES (Mind Body, Strength) An exciting class that incorporates a Pilates-based workout that will simultaneously stretch, strengthen, tone and align your body uniformly.

SILVER STRENGTH (Active Adults) Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement, and activity for daily living skills. Hand-held weights, elastic tubing with handles, and a ball are offered for resistance; a chair is used for seated and/or standing support.

STRENGTH (Cardio, Strength) Hit every muscle in your body with this circuit based strength workout. Your muscles will fatigue, your heart rate will rise and you will feel incredible!

TAI CHI & QI GONG (Mind & Body) Tai Chi is a traditional Chinese form of exercise that uses graceful movement and breathing techniques to improve posture, coordination, circulation, and restore a sense of well-being. Everyday professionals to runners, athletes and all levels of fitness are welcome to explore the practice of Tai Chi.

TOTAL BODY CONDITIONING Build strength, improve endurance, and challenge your entire body in this energizing full-body workout. Using a variety of equipment and functional movements, you'll strengthen every major muscle group while boosting cardiovascular fitness. All fitness levels are welcome, with options to modify or increase intensity.

YIN YOGA (Mind & Body) Yin Yoga is a slower paced, more meditative version of the physical discipline of yoga. Poses are held for several minutes in order to target the connective tissues rather than the muscles. Practiced with attention and intention, Yin Yoga can benefit the deep fascial connective tissues and joints, as well as soothe the nervous system.

YOGA (Mind & Body) Relax and quiet your mind, body and spirit with ancient yoga postures and controlled breathing techniques while you improve your flexibility and balance.

YOGA FLOW (Mind & Body) This 60 min Yoga class will focus on flexibility and strength while linking movement with breath through a sequence of asanas. The class will begin and end with a brief meditation to allow students to feel more connected both mentally and physically and is suitable for all levels.

ZUMBA (Cardio) Using a fusion of Latin and International music, this class will get you dancing with dynamic, exciting, and high-energy steps and rhythms, creating a fun cardio based workout.
